

**Extended Programs Lower School Core Extended Day  
Enrollment Contract, 2017-2018**

This year, we were thrilled to launch St. Michael's Lower School Extended Programs to meet the needs of our students and families beyond the traditional school day.

Over and over again, we heard from families and students alike how much they love the offerings and feel loved by the experienced and talented teachers. I am proud of how Mrs. Steele, our Director of Extended Programs, and her remarkable staff have delivered on St. Michael's mission in a new and exciting way. Their goal each afternoon when families arrive for pick-up is for children to have completed their homework well, be a little tired from playing so much, and be a little disappointed to have to leave. As the parent of a Lower School student who took advantage of the Core Extended Day program as well as enrichment activities, I can attest that this is the case.

In 2017-18, program highlights will continue to include supervised study halls, ample opportunities to play outside and indoors, and a strong sense of community with particular emphasis on student socialization. In addition, a host of enrichment activities are included within the Core Extended Day program. These include music, art, and STEM learning. In the coming year, we anticipate adding yoga and creative movement to these elements folded into the Core Extended Day program.

Enrollment in the Core Extended Day Program includes all of the programs and activities listed above, and free enrollment for all half-days and clerical days. As with this year, additional enrichment classes and vacation camps will be available for an additional fee.

Families may select from the enrollment plans below. Those on 3 and 2-day plans may schedule which days of the week are most convenient.
