It is essential that 5th graders have mastered + and - facts through 20
and x facts through 12x12 and their related ÷ facts before the school year begins.
Please practice these at home over the summer.

---

required summer math review for rising 5th graders

---

suggested month	Subtraction: Show your work.	Multiplication: Show your work.	Long Division: Show your work.	Simplify these fractions.
June	9,001 - 2,893	75 x 38	704 ÷ 4	$\frac{18}{20}$ = $\frac{6}{15}$ = $\frac{12}{28}$ =
July	82,005 - 74,614	46 x 67	875 ÷ 3	$\frac{20}{35}$ = $\frac{30}{36}$ = $\frac{7}{14}$ =
August	640,091 - 80,568	99 x 93	293 ÷ 5	$\frac{24}{64}$ = $\frac{9}{81}$ =
