Teachers will perform daily simple health screenings to ensure no children in the program are ill. In the event of illness or an accidental injury, the staff will make an immediate attempt to contact a parent. Parents contacted by telephone concerning minor injuries are responsible for deciding if medical attention is needed. If a parent is not reachable immediately, the Director or staff member on duty will make any necessary decisions regarding the child's care. Parents will be expected to assume responsibility for any resulting expenses.

If a child is ill, they will not be permitted to attend Extended Day. Parents will be expected to pick up their child as soon as possible after being called. If a parent cannot be reached, an adult on the child's emergency card will be called. The Director or a staff member must also be informed of any illness that may be communicable. Parents will be notified if a child is exposed to contagious diseases or health-related occurrences.

Administration of Medication at Extended Day:

A Permission for Medication form (obtained from the front office) signed by a healthcare provider and parent must be on hand for any prescription medication to be given during Extended Day. This form includes authorization from the student's physician and their parents. All student medications are stored in a locked facility in the front office of Hubbard Hall or in the Extended Day director's office and must be administered by a MAT (medication administration trained) staff member. All student medication must be in its original container with clear instructions regarding dosage, frequency, and route of administration. Emergency medications such as inhalers, EpiPens, and glucagon may be kept by the student, but a Permission for Self-Medication form must be completed and on file with the nurse's office. Medications prescribed by a physician are kept on file with Nurse Maben. Medication given to be dispensed by school personnel will be available for pick-up by the parents only. Medications not picked up will be destroyed.

Students attending Extended Day are permitted to bring the following to Extended Day:
